RAILWAY TRACK and STRUCTURES

VOL. 52 **January-December 1956**

Simmons-Boardman Publishing Corporation

General Index

Illustrated articles are indicated thus*

Abandonments:
Machines Take Up Track Too, *March page 50
Atchison, Topeka & Santa Fe:
Advanced Trackwork Techniques, *Dec. page 42
Buildings to Fit the Function, *Dec. page 58
Centralize the Repairs, *Dec. page 66
Custom-Made Pile Drivers, *Nov. page 29
Engineering and M/W Lines of Supervision, *Dec. page 38
Fighting Fires Before They Start, *Dec. page 57
How B&B Repairs are Made, *Dec. page 60
How Santa Fe Lays Long Rails, *Jan. page 28
Making Wood Preservation Pay, *Dec. page 62
No Stereotyped Standards, *Dec. page 40
Objective: Roadway Stability, *Dec. page 50
On the Subject of Bridges, *Dec. page 55
Section Gangs Here to Stay, *Dec. page 48
Welded Rail All the Way, *Dec. page 46
Wicked Wood Control Problem, *Dec. page 53

Ballast and Ballasting:
Ballast Scoop for Close Quarter Work in Tunnels, *Jan. page 39
How to Reclaim Old Ballast, Oct. page 42
Machines Take Up Track Too, *March page 50
Merits of Uniform Toe Line, Aug. page 40
Now—A "Double-Track" Plow, *Oct. page 40
Ballast Cleaning:
Santa Fe's Advanced Trackwork Techniques, *Dec. page 42
Baltimore & Ohio:
Cuts Branch Line Tie Costs, *Sept. page 66
Fast Work With Small Gangs, *Aug. page 36
Boston & Maine:
Grade Crossing Elimination at Winchester, Mass., *Jan. page 40
Bridges Concrete:
Shotcrete Repairs for Busy Underpass, *Feb. page 54
Bridges, General:
Bridge Deck Built for Long Life, *Oct. page 37
Bulkheads at Ends of Timber Bridges, April page 64
Composite Decks for Highway Overpasses, June page 55
Continuous Rail on Open Deck Bridges, Feb. page 58
Custom-Made Pile Drivers, *Nov. page 29
Heavy Duty Pile Drivers, Sept. page 78
How B&B Repairs are Made, *Dec. page 60
More Life From Timber Bridge, *April page 55
On the Subject of Bridges, *Dec. page 55
Positioning Piles and Swinging Leads, March page 70
Pouring Bearing Areas, Oct. page 53
Restoring Openings Under Bridges, July page 42
Rock Island Composite Gang, *March page 45
Sprays Bridges and Saves, *Sept. page 64
Turntables Have New Job, *Feb. page 42
Bridges Steel:
Long Bridge Goes in Lengthwise, *July page 38
Oxygen Cutting Gets Big Job, *June page 48
Buildings and Building Work:
Breakage of Shop Windows, Sept. page 84
Buildings to Fit the Function, *Dec. page 58
Cleaning Ice From Building Downspouts, March page 80
Cracks in Asphalted Roofs, Nov. page 60
Eliminating Diesel Servicing Facilities, July page 46
How B&B Repairs are Made, *Dec. page 60
Installing Bumping Posts in Buildings, Jan. page 43
Painting Ventilation Requirements, Oct. page 54
Prebuilt Depots—FOB at Plant, *May page 33
Prefabs for Big Buildings, *Feb. page 48
Preventing Termite Infestation, Aug. page 44
Pouring Bearing Areas, Oct. page 53
Records of Repairs to Buildings, May page 52
Records on Foundation Piles, Aug. page 42
Removing Deposits from Diesel Fumes, Feb. page 57
Rock Island Composite Gang, *March page 45
When a Highway Meets a Station, *Jan. page 34

Central of Georgia:
Tie Unloading Machine, *Aug. page 30
Chicago, Burlington & Quincy:
Direct Sanding for Diesels, *Nov. page 41
Now—A "Double-Track" Plow, *Oct. page 40
Chicago, Rock Island & Pacific:
Prebuilt Depots—FOB at Plant, *May page 33
Rock Island Composite Gang, *March page 45
Chilean State Railways:
Long Bridge Goes in Lengthwise, *July page 38
Concrete & Concrete Work:
Backfill Drainage for Masonry Culverts, May page 50
Shotcrete Repairs for Busy Underpasses, *Feb. page 54
Conventions and Meetings:
AREA Convention Report, *April, page 44
AREA Program, March page 38
Roadmasters & B&B Program, Sept. page 53
Roadmasters, B&B Convention Report, *Oct. page 45
What's New at the Exhibit, *Sept. page 54
Cranes:
How Reading Uses RailAids, *Sept. page 62
Inspection of Cables, Jan. page 46
They've Got a Multi-Purpose Crane, *Aug. page 34
Crossings:
Grade Eliminations on the B&M, *Jan. page 40
Preferred Maintenance Practices, *Feb. page 44
Surfacing at Highway Grade Crossings, May page 49

Denver & Rio Grande Western:
Protective Hoods in Tunnels, *Jan. page 40
Detroit, Toledo & Ironton:
What Radio on M/W Equipment is Doing, *June page 38
Why Trailers Make Good Camps, *July page 25
Drainage:
How PPP Dries Up Its Roadbed, *Nov. page 32

Editorials, Jan. pages 18, 25
Feb. pages 26, 37
March pages 28, 37
April, pages 38, 43
May pages 24, 29
June pages 28, 37
July page 20
Aug. page 20
Sept. page 44
Oct. page 18
Nov. page 22
Dec. page 28

Fences:
Making Fence Repairs, Jan. page 41
Floods, *Feb. page 55
Florida East Coast:
When a City and Railroad Get Together, *Aug. page 32

Grading & Grading Equipment:
Fast R/W Grading on Southern, *Oct. page 44
Frisco's Big Grading Fleet, *May page 38
How to Give Grading Signals, *May page 42
How PRR Dries Up Its Roadbed, *Nov. page 32
Northern Pacific Line Change, *Jan. page 40
Objective: Roadway Stability, *Dec. page 50
Operation Salt Lake, *Sept. page 71
When Widening Embankments, Oct. page 52
Widening Sub-Grade Shoulder, Oct. page 56
Grouting:
Objective: Roadway Stability, *Dec. page 50
Gulf Mobile & Ohio:
More Life From Timber Bridge, *April page 55

House Trailers:
Trend to Trailers Continues, *July page 28
Why Trailers Make Good Camps, *July page 25

Illinois Central:
Steam Bath for Switch Plates, *Jan page 33

Letters from Readers:
Jan. page 66
Feb. page 86
April page 86
Louisville & Nashville:
Prefabs for Big Buildings, *Feb. page 48

Maintenance of Way:
Absorption of Section Gangs, Feb. page 60
Controlling Work-Train Movements, Jan. page 48
Cost in Performance Data, Sept. page 78
Do More "Fantastic" Thinking, *March page 48
Equipment Purchases Going Up, *Jan. page 27
Fast Work With Small Gangs, *Aug. page 36
Local M/W Forces in Public Relations, June page 56
Machine Operators School, *June page 45
Minimum On-Track Time for Tie Gangs, Feb. page 58
Operator Training, March page 42
Our Changing Track Forces, *Nov. page 38
Santa Fe Policy, *Dec. page 37
Maps:
The Santa Fe System, *Dec. page 38
Missouri Pacific:
Turntables Have New Job, *Feb. page 42

Nashville, Chattanooga & St. Louis:
Prefabs for Big Buildings, *Feb. page 48
News Notes, Jan. page 13
Feb. page 17
March page 13
April page 13
May page 13
June page 21
July page 17
Aug. page 13
Sept. page 11
Oct. page 25
Nov. page 15
Dec. page 9
New York Central:
New Clearance Car, *Jan. page 40
Norfolk & Western:
How Long Rails Were Painted, *Nov. page 42
Northern Pacific:
Line Change near Homestake Mont., *Jan. page 40

Pennsylvania:
Drying Up Its Roadbed, *Nov. page 32
How to Reclaim Old Ballast, *Oct. page 42
Radio:
What Radio & M/W Equipment is Doing for the DT&I, *June page 38
Rail:
Building Up Engine Burns, Feb. page 56
How Long Rails Were Painted, *Nov. page 42
Minimum Weight of Rail in Hump Yards, July page 46
Rail Joints:
What About "Frozen" Joints? *June page 50
Rail Laying:
How Santa Fe Lays Long Rails, *Jan. page 28

Reducing Bull-Welding Costs, *July page 34
Welded Rail All the Way, *Dec. page 46
Reading:
Machine Operators School, *June page 45
They've Got a Multi-Purpose Crane, *Aug. page 34
Use of RailAids, *Sept. page 62

St. Louis-San Francisco:
Big Grading Fleet, *May page 38
Scales:
The Electronic Track Scale, *April page 58
Shops:
Centralize the Repairs, *Dec. page 66
Painting Ventilation Requirements, Oct. page 54
Removing Deposits from Diesel Fumes, Feb. page 57
Slides, *Feb. page 55
Southern:
Fast R/W Grading, *Oct. page 44
Southern Pacific:
Ballast Scoop for Close Quarter Work in Tunnels, *Jan. page 39
Operation Salt Lake *Sept. page 71
Stations, Passenger:
Lighting Modernized Passenger Stations, June page 57
Station Cleaning Job Shows There's Beauty Under that Grime, *June page 42
When a City and Railroad Get Together, *Aug. page 32
When a Highway Meets a Station, *Jan. page 34
Surfacing:
At Highway Grade Crossings, May page 49
Be Just to Your Jacks, *May page 44
Fast Work With Small Gangs, *Aug. page 36
Frequency of Out-of-Face Surfacing, July page 44
Gang Tamps 1.7 Miles Per Day, *Sept page 68
Necessity of Spot Tamping, Aug. page 43
Santa Fe's Advanced Trackwork Techniques, *Dec. page 42
Tandem Operation of Tamping Machines, March page 70
Terminal Railroad Association of St. Louis:
Bridge Deck Built for Long Life, *Oct. page 37
Tie Pads:
Tie Pads Help Solve Tie Problem, *May page 36
Tie Pads on Older Bridge Ties, Nov. page 58
What Tie Pads Mean to the MTA, *Nov. page 35
Tie Plates:
Plating Branch Line Ties, May page 51
Steam Bath for Switch Plates, *Jan. page 33
Tie Renewal Work:
Cuts Branch Line Tie Costs, *Sept. page 66
Cycle Tie Renewals—When, Nov. page 46
Minimum On-Track Time for Tie Gangs, Feb. page 58
Santa Fe's Advanced Trackwork Techniques, *Dec. page 42
Tie Unloading Machine, *Aug. page 30
When to Renew a Crosstie? *Aug. page 25
When Should a Crosstie Be Renewed? *July page 30
Ties:
Preboring Branch Line Ties, Sept. page 76
Talk About Ties, *May page 30
Wood Preservation Pays on Santa Fe, *Dec. page 62
Toledo, Peoria & Western:
Trucks Team Up with Motor Cars, *March page 39
Track:
Advantages of Self-Guarded Frogs, June page 54
Be Just to Your Jacks, *May page 44
Frog and Crossing Maintenance, June page 59
How to Make a Track Inspection, *Feb. page 38
How to Make a Track Inspection, *April page 50
Inspecting Track for Moving Trains, March page 74
Installing Anti-Creepers on New Rail, May page 47
Lining Turnout Closure Rails, Oct. page 51
New NYC Clearance Car, *Jan. page 40
Santa Fe Standards, *Dec. page 40
Section Gangs Here to Stay on Santa Fe, *Dec. page 48
Spring Rail vs. Rigid Frogs, Sept. page 82
Track Inspection on Branch Lines, April page 63
Trucks:
Trucks Team Up with Motor Cars, *March page 39
Tunnels:
How Long Rails Were Painted, *Nov. page 42
Protective Hoods on D&RGW, *Jan. page 40

Wabash:
Gang Tamps 1.7 Miles Per Day, *Sept. page 68
Reducing Butt-Welding Costs, *July page 34
Water & Fuel Service:
Contamination of Drinking Water Lines, June page 58
Direct Sanding For Diesels, *Nov. page 41
Draining Hot Water Heating Systems, April page 62
Hardness of Diesel Cooling Water, Jan. page 50
Inspection of Deep Well Pumps, Feb. page 62
Locating Underground Pipe Lines, July page 45
Minimum Width of Pipe Line Trenches, May page 48
Reconditioning Lubricating Oil, Aug. page 41
Reducing Wear in Sander Pipe Lines, April page 65
Rock Island Composite Gang, *March page 45
Significance of pH Factor, Sept. page 87
Underground Service Lines, Nov. page 54
Weeds:
Wicked Weed Control Problem on Santa Fe, *Dec. page 53
Welding & Welding Equipment:
Building Up Engine Burns, Feb. page 56
Power Tools for Welders, Jan. page 43
Reducing Butt-Welding Costs, *July page 34
Special Process Makes Debut, *Feb. page 52
Western Pacific:
Tie Pads Help Solve Tie Problem, *May page 36

Yards & Terminals:
Diesel Facilities at Terminals, March page 68
Maintaining Grades in Retarder Yards, April page 61
Minimum Weight of Rail in Hump Yards, July page 46

New Products Index

Illustrated articles are indicated thus*

Aeroquip Corporation:
Self-Sealing Fuel Coupling, *Aug. page 49
Allied Chemical & Dye Corporation, Barrett Div.:
Translucent Plastic Paneling, Apr. page 70
Allied Steel & Tractor Products, Inc.:
Replaceable Teeth for Excavators, *Nov. page 65
Allis-Chalmers:
New 200-HP Motor Scraper, *Sept. page 90
American Brake Shoe Company, Amsco Div.:
Welder Accessory Aids Hardfacing Work, *Feb. page 73
American Brake Shoe Company, Ramapo Ajax Div.:
Dual Spike Driver, *Mar. page 59
American Railroad Curvelining Company:
Improved Curveliner, *Apr. page 70
Hand-Driven Stud Fastener, *Nov. page 64

Barber-Greene Company:
Ditcher, *Sept. page 60
Barco Manufacturing Company:
Gasoline Powered Compaction Tool, *July page 47
Barthel & Associates:
Tie Band Can Be Reused or Retightened, *Sept. page 90
Belsaw Machinery Company:
Sharpens All Cutting Tools, *May page 57
Bethlehem Steel Company:
Switch-Point Guard Rail, *Mar. page 62
Binks Manufacturing Company:
Fluid Handling, *Sept. page 59
Bird & Son, Inc.:
Ties Protected By Caulk and Coating, *March page 60
Black & Decker Manufacturing Company:
Heavy-Duty Saw, *Feb. page 70
Heavy-Duty Impact Wrench, *Oct. page 62
Brice Haves Company:
New Lining and Surfacing Scopes, *Aug. page 48
Bucyrus-Erie Company:
Clamshell is Hydraulically Operated, *Aug. page 51
Auger for Vertical or Horizontal Boring, *Sept. page 94

Camef Equipment Corporation:
New Line of M/W Trailers, *Jan. page 54
Caterpillar Tractor Company:
Tractor Shovel, *Feb. page 70
Hydraulic Motor Grader Attachments, *March page 58
Plate Permits Heaped Loads, *June page 64
Tilting Attachment for Dozer Blades, *July page 47
Hydraulic Moldboard, *Sept. page 57
Front-End Loader, *Sept. page 55
New Tractor-Mounted Ripper, *Sept. page 92
Excavator Buckets Increase Versatility, *Oct. page 58
Extra Wide Bulldozer Blade, *Oct. page 62
Chicago Pneumatic Tool Company:
Air Impact Wrench Has More Torque, *March page 61
Mobile Compressor, *Sept. page 61
Clark Equipment Company:
Rubber-Tired Dozer, Apr. page 70
Consolidated Paint & Varnish Corporation:
Ice-Melting Chemical is Fast, *Jan. page 56

Fairbanks, Morse & Co.:
Redesigned Motor Car and Aluminum Cab Top, *March page 61
Electronic Scales, *Oct. page 62
Fairmont Railway Motors, Inc.:
Improved Fairmont Weed Burner, *Jan. page 54
Tie Bed Scarifier, *March page 55
Tie Brush Improved, *March page 56
Hy-Rail Motor Car, *March page 61
Self-Propelled Spike Puller, *March page 85
Applicator, *Sept. page 59
Multi-Purpose Ballast Maintenance Car, *Sept. page 57.
Inspection Motor Car, *Sept. page 55
Hydraulic Spike Driver is Self-Propelled, *Dec. page 72
Foundation Equipment Corporation:
Diesel Pile Hammer, *Sept. page 60

Holan, J. H. Corporation:
Derrick Has Live Boom Power, *June page 62
Live-Boom Hydraulic Derrick, *Oct. page 64
Earth Augers, *Jan. page 56
Homelite Corporation:
Diaphragm Pump, *March page 58
Chain Saw Has Direct Drive, *May page 56
Portable Generator, *March page 59
Howard & Gould Company:
Improved Tie-Boring Drills, Dec. page 72
Huber-Warco Company:
Two Motor Graders, *March page 64
Hyster Company:
Backhoe Has Tractor Mobility, *July page 47

Ingersoll-Rand Company:
Lightweight Electric Hammer, *Oct. page 61
Impact Wrench With Controlled Torque, *March page 64
85-CFM Portable Rotary Compressor, *Sept. page 94
International Harvester Company:
Truck-Mounted Brush and Weed Sprayer, *March page 57
Double Purpose Unit, *March page 62
Skid-Loader For Handling Ties, *March page 66
Wheel-Tractor Line, *March page 85
Improved Tractor Line, *May page 54
Power Loader Design Changed, *June page 62
Skid Shovel, *Sept. page 59
Utility Wheel Tractor, *Sept. page 56
Front Winch for Light Duty Truck, *Oct page 58

Jackson Vibrators, Inc.:
Redesigned Tamping Bar, *March page 58
Spring Suspension for Tamping Head, *March page 66
Johns-Manville Company:
Asphalt Shingles, *Apr. page 68

Kalamazoo Manufacturing Company:
Ballast Machine Performs Three Jobs, *March page 58
Combination Track Machine, *Apr. page 68
Track Sweeper, *Sept. page 60
Combination, *Sept. page 59
Kasle Steel Corp.:
Steel Block Flangeway Guard, *Sept. page 94
Kennedy, H. T. & Company:
Rail Lubricator, *March page 55
Kershaw Manufacturing Company:
Ballast Regulator Scarifier and Plow, *March page 62
Improved Jack-All *March page 64
Track Broom *March page 85
Two-Wheel Cribber, *Sept. page 61
Ballast Cleaner, *Sept. page 60
Rail Re-Layer, *Sept. page 59
Cribber-Adzer, *Sept. page 58
Dead Head Detector, *Sept. page 58
Rotary Snow Plow, *Sept. page 56
Spot Tamper, *Sept. page 54
Keohring Company:
Cruiser Crane, *Mar. page 57
Rubber-Tired Crane, *Sept. page 57

LOF Glass Fibers Company:
Panels Made More Durable, *May page 57
LeRoi Company:
New Deeper Oil Pans, March page 66
Linde Air Products Company:
Medium-Pressure Welding Blowpipe, *March page 60
Cutting Attachment, *Sept. page 59

McKiernan-Terry Corporation:
New Diesel Pile Hammer, *Aug. page 50
Magnaflux Corporation:
Magnetic Inspection Kit, *March page 64
Mall Tool Company Div., Remington Arms Inc.:
Direct Drive Chain Saw, *Sept. page 94
Matisa Equipment Corporation:
Track Inspection Car, *Sept. page 56
Miller, David & Associates:
Pocket Size Drafting Machine, *May page 54
Momar, Industries:
"Glider" Holder for Blueprints, *Oct. page 65
Motorola, Inc:
Portable Communications, *Sept. page 60

Nolan Company:
Improved Tool Supply Car, *Oct. page 60
Nordberg Manufacturing Company:
Indicator Finds Improper Gage Points, *Mar. page 55
Ballast Router Cleans Tie Cribs, *March page 56
Power Jack Tamps Key Ties, *March page 57
Rail Grinder is Easy to Operate, March page 58
Lightweight Rail Slotter, *March page 59
Carriage Permits Spiking at Both Rails, *March page 62
Propulsion Unit, *Sept. page 58
Surface Grinder, *Sept. page 56
Tamping Power Jack, *Sept. page 55
Off-Track Ballast Cleaner, *Sept. page 90
Nox-Rust Chemical Corp., Daubert Chemical Company:
Anti-Skid Coating for Floors, May page 56

Olin Mathieson Chemical Corporation:
Manually-Powered Fastening Tool, *June page 65
Onan, D. W. & Sons:
Heavy-Duty Generating Plant, *March page 66
Vacuum Cooled Generator, *May page 55
Engine is Light in Weight, *June page 64
Air-Cooling System, *Sept. page 59
Osmose Corporation:
Pressure Treating Plant is Easily Moved, March page 61

Pacific Coast Borax Company:
New Spreader for Weed Chemicals, *May page 56
Carryable Spreader, *Sept. page 56
Track Mounted Spreader, *Sept. page 56
Pettibone Mulliken Company:
Tractor Shovel Has Power Shift, *March page 60

Quick Way Truck Shovel Company:
New Models in Truck Shovels, *Feb. page 70

Rail Products Company:
Versatile Engine Driven Unit, *Sept. page 60
Rails Company:
Track Lubricator, *March page 60
Railway Maintenance Corporation:
Tie Unloading Machine, *Sept. page 58
Wheel Mounted Track Liner, *Feb. page 72
Bolting Machine, *Sept. page 54
Remington Arms Company:
Ceiling Clip Guard Combination, Nov. page 64

Southworth Machine Company:
Cutter Has Jointed Arm, *June page 66
Stow Manufacturing Company:
Machine for Trowelling Concrete, *Jan. page 56

Teleweld, Inc.:
Rail Heater for Welding, Hardening, *Oct. page 60
Templeton, Kenly & Co.:
Tie Remover, *March page 56
Power Pump for Hydraulic Rams, *Oct. page 56
Lightweight Track Jacks, *Dec. page 72

Vapor Blast Manufacturing Company:
Metal Parts Cleaned With Liquid Abrasive, *June page 63

Warner & Swasey Company:
Flanged Guide Wheels, *Sept. page 57
Western R.R. Supply Company:
Battery Housings, *Sept. page 57
Wincharger Corporation:
Idling Control Conserves Fuel, *June page 65
Wisconsin Motor Corporation:
Four-Cylinder Air-Cooled Engine, Nov. page 65
Woolery Machine Company:
Burner Has Torque-Converter Drive, *Jan. page 56
Worthington Pump & Machinery Corporation:
Rotary Compress, March page 85
